

Medium and High Amperage Fuses & Holders

VTE has developed our own line of Fuse Holders. These allow you to protect medium and high amperage devices, such as winches, pumps, motors, and other heavy draw devices.

ANL Fuse & Holder

ANB740N9N02

ANF340200

ANFC340300

- Fuse Amperage Available: 50, 80, 100, 150, 200, 250, 300
- Ceramic Fuse Amperage: 300, 350, 400, 500
- ANL Fuse Holder Kit includes (2) 487 Series terminal insulators, fastener hardware, and protective cover
- 5/16" (~8mm) stud, up to 2/0 ga terminal
- Maximum Voltage: 48 VDC
- Base Material: Glass-Filled Nylon
- Post Material: Stainless Steel
- Lock Washer: Stainless Steel
- Flat Washer: Brass
- Available in Red & Black

Kit includes fuse cover and (2) 487 Series insulators

Part Number	Color	Cable Diam.
ANB740N7N02	Red	.5"/12.7mm
ANB740N7N14	Black	.5"/12.7mm
ANB740N8N02	Red	.6"/15.2mm
ANB740N8N14	Black	.6"/15.2mm
ANB740N9N02	Red	.65"/16.5mm
ANB740N9N14	Black	.65"/16.5mm
ANB740N0N02	Red	.75"/19.1mm
ANB740N0N14	Black	.75"/19.1mm

ANL Hi-Amp Fuse Holder

ANB753N7N02

- Accepts up to 750 Amp fuse
- Maximum Voltage: 32 VDC
- Post Size Available: 5/16", 3/8", 10mm
- Post Material: Stainless Steel
- Flat Washer: Stainless Steel
- Base Material: Glass-Filled Nylon
- Available in Red & Black
- High amperage fuses sold separately
- Included cover helps comply with safety regulations

Part Number	Post	Color
ANB753N7N02	5/16"	Red
ANB753N7N14	5/16"	Black
ANB753N8N02	3/8"	Red
ANB753N8N14	3/8"	Black
ANB753N9N02	M10	Red
ANB753N9N14	M10	Black

Shown with included cover 351N9V00

Mega Fuses & Holder

MFB736N9N02

MFC336080

- Cost effective solution to Mega Fuse protection
- Fuse Amperage Available: 60, 80, 100, 125, 150, 175, 200, 225, 250
- Maximum Voltage: 32 VDC
- Holder Post: 5/16" Stainless Steel
- Flat Washers: Brass
- Connection Fastener Nut: Stainless Steel
- When used with included 405 Series terminal insulators, meets safety regulations
- Base Material: Glass-Filled Nylon

Kit includes (2) 405 Series insulators

Part Number	Post	Color
MFB736N9N02	5/16"	Red
MFB736N9N14	5/16"	Black

T-Class Fuses & Holder

TFB735N0N02

TF335400

- Commonly used for equipment protection
- Fuse Amperage Available: 300, 400
- Very fast reaction time VS. ANL Fuses
- Maximum Voltage: 48 VDC
- 3/8" Stud accepts up to 4/0 ga cable
- Connection Stud: Stainless Steel
- Connection Fastener Nut: Stainless Steel
- Washers: Stainless Steel
- Base Material: Glass-Filled Nylon
- Optional Cover: 351N8V00

351N8V00

Part Number	Post	Color
TFB735N0N02	Red	No
TFB735N0N14	Black	No
TFB735N8N02	Red	Yes
TFB735N8N14	Black	Yes
